SUMMARY

Information Systems graduate (S.Kom., Cum Laude, GPA 3.76/4.00) who combines technology project delivery, stakeholder coordination, and hands-on business operations. Led **AgrimapGIS**, a copyright-registered web GIS for the Bandar Lampung City Agriculture Office, from proposal to deployment (SUS 87.80, 98% expert validation). As Regional Coordinator of Permikomnas Region XV, coordinated 11 student associations across 10 campuses through 8 regional programs and brought 2 new associations into the region through outreach and organizational branding. Brings retail operations experience in a family minimarket since 2019 (50+ SKUs, supplier coordination, daily sales reconciliation), together with requirements documentation, process analysis, reporting in Excel and Google Sheets, and disciplined action-item follow-up. Seeking an internship in business development support and project management; open to relocation.

CORE COMPETENCIES

Business Development Support: partner mapping, partnership outreach, stakeholder communication, proposal and presentation preparation, organizational branding
Project Management: Waterfall and Agile workflows, project planning and scheduling, requirements gathering, progress reporting, action-item follow-up
Business & Operations: process analysis, inventory management (50+ SKUs), supplier coordination, daily sales reconciliation, document control (150+ archives)
Data & Reporting: Microsoft Excel (PivotTables, SUMIFS, VLOOKUP), Google Sheets, KPI dashboard design, usability testing (SUS), user requirement documentation
Technology: PHP/CodeIgniter 4, MySQL, UML, Leaflet.js, QGIS, Figma, AutoCAD, Google Workspace, Notion

EDUCATION

UIN Raden Intan Lampung **Sep 2022 – Jul 2026**
Bachelor of Computer Science, Information Systems (S.Kom.)
GPA 3.76/4.00 (Cum Laude). Coursework: System Analysis & Design, Databases, Project Management, System Administration.

PROJECT EXPERIENCE

AgrimapGIS – Web-Based GIS for Agricultural Activity Monitoring **Jan – Jul 2026**
Project Lead | Client: Bandar Lampung City Agriculture Office
- Owned the full project lifecycle independently (Waterfall): proposal, requirements gathering, system design, development, and deployment for agency use.
- Translated client requirements into a working web GIS using CodeIgniter 4, MySQL 8.0 Spatial, Leaflet.js, and Bootstrap 5, including a KPI dashboard that lets the agency monitor agricultural activity.
- Evaluated results against defined targets: 1.82% spatial margin of error (5% threshold), SUS 87.80 (Grade A, 22 respondents), and 98% (Highly Feasible) expert validation.
- Secured copyright registration (No. 001266099, Ministry of Law) and co-authored a paper accepted in J-SIGN (SINTA 4).

COORDINATION & LEADERSHIP EXPERIENCE

Permikomnas Region XV Lampung **Apr 2025 – Sep 2026**
Regional Coordinator (Aug 2025 – Sep 2026) | Regional Secretary (Apr – Aug 2025)
- Coordinated 11 student associations across 10 university campuses and delivered 8 regional programs with the management team.
- Mapped prospective associations and led outreach and organizational branding that brought 2 new associations into the region, expanding the regional network.
- Led stakeholder communication and partnership outreach to secure program support, keeping activities aligned with national board objectives.
- As Secretary, managed official correspondence, partnership proposals, and regional administration.

BUSINESS & OPERATIONS EXPERIENCE

Family-Owned Minimarket **2019 – Present**
Retail Operations & Inventory Assistant
- Monitored stock levels and availability for 50+ SKUs and coordinated replenishment with suppliers.
- Performed daily sales reconciliation and kept transaction records accurate.
- Served customers directly and supported day-to-day store operations.

INTERNSHIP EXPERIENCE

Pengadilan Agama Tanjung Pati Kelas IB **Jan – Mar 2025**

IT Support Intern

- Built a PHP/MySQL web application for scheduling employee duty rosters (piket) and monitoring cleaning-duty completion, giving staff a single place to plan and track duty.
- Produced three AutoCAD office signage maps (ground floor, second floor, outdoor area) and a jurisdiction map showing the court's area of responsibility.
- Diagnosed and repaired the visitor queue machine, restoring self-service registration.
- Provided Tier-1 support for hardware, software, and network issues, and explained technical solutions to non-technical staff.
- Maintained LAN, Wi-Fi, user credentials, and IT asset inventory; ran regular data backups.

ORGANIZATIONAL & EVENT EXPERIENCE

Himpunan Mahasiswa Sistem Informasi (HIMASI), UIN Raden Intan Lampung **Aug 2023 – Jun 2025**

Secretary General (Jun 2024 – Jun 2025) | External Relations Staff (Aug 2023 – Jun 2024)

- Built a structured Google Drive archive of 150+ administrative documents, making files more organized and faster to retrieve.
- Drafted and distributed meeting minutes and tracked decision follow-ups with responsible owners.
- Prepared the annual work program and meeting and activity schedules; coordinated continuously with external partners.

ICHASTI International Conference, UIN Raden Intan Lampung **2025 – 2026**

Moderator & Operator (2026) | Administrative Staff (2025)

- Moderated sessions in English with guest lecturers from Russia and Thailand and operated event technicals for ~250 attendees.
- As administrative staff, managed guest and participant data in Google Sheets for ~250 attendees.

HMIF ITERA Cadre Development Program **Sep 2025**

Guest Speaker, Organizational Management

- Prepared the presentation materials and delivered a session on organizational governance, coordination, and development to ~60 participants.

ADDITIONAL PROJECTS

- **Smart & Green Campus Thematic Map (2026):** Team of three mapping green and disability-accessible campus facilities in Google My Maps; 3rd place nationally at KST PTKI II.
- **UI/UX Prototypes (2024):** Designed a campus ride-hailing app and an English-learning app in Figma; usability tested with 30 users.
- **IoT Soil Moisture System (Nov 2024):** Built an automated soil-moisture monitoring and watering system.

CERTIFICATIONS & ACHIEVEMENTS

- **Saylor University (Oct 2026):** Project Management BUS402 (95.56%) and Strategic Management BUS501 (90.70%); 74 hours, 7.4 IACET CEUs.
- **Forage Virtual Job Simulations (Oct 2026):** CBRE Project Management, Siemens Project Manager, EY Technology Risk, Deloitte Technology.
- **AI Career Readiness Training,** ASEAN Foundation (supported by LinkedIn), Oct 2026.
- **Copyright Registration** (Computer Program), Ministry of Law of the Republic of Indonesia, 2026.

LANGUAGES

Indonesian: Native. **English:** Working proficiency (TOEFL-equivalent 450); moderated English-language sessions at an international conference.
